DETAILED ACTION

Allowable Subject Matter

1. Claims 1-22 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 8 and 19, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in the claims: a transceiver means for generating and receiving an electromagnetic scanning signal from a sensed ID tag and specifically comprising the limitation of the scanning signal having the frequency within the selected bandwidth for penetrating the shipping container to detect the at least one ID tag.

Regarding claims 2-7, 9-18 and 20-22 are allowable for the reasons given in the claims because of their dependency status from the claims 1, 8 and 19.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
